October 2016

BOO !!! Hi Ya Neighbors.

Can you believe it's October? Next month Thanksgiving then Christmas. We fared fairly well, there are some neighbors still without power, but that should be back on soon. FPL was in here yesterday working and the tree cutters as well. Seems the tree people are the hold up now, it's hard to get to some of the trees with their bucket trucks. There were some trees down in here, but only one house got damage that I know of. There was quite a few things blown around and the trees got cleaned out of small twigs & leaves. Other than that the neighborhood did OK, thank the Lord. I'll say we did get some rain and the gas stations ran out of gas a few times, but that's a lot better then it being closer to the shore. The coast got hit really badly which I'm sure you all know about if you have TV. The county is going to start picking up yard trash on Wednesday, but garbage pickup won't be till Friday so if you put it out for Saturday put it back till Friday so the varmints don't knock it over. Now the news ya'll been waiting for the Board meeting.

Now the standing committees; Executive; has nothing to report, Custodial/Maintenance; There is a work day on November 12th@ 9A.ExM.To repair the garage & if enough help to set some posts. As to maint. The AC bill has a question that Bob is looking into. Bob would like to get the floor cleaned at the clubhouse after the garage sale. He will contact the people that did it last time. Hall Use; we received a \$50 donation from Sabrina Thomas for use of the hall. Neighborhood Watch/Welcome; Neighborhood watch, reported the privacy fence @ 119 Clearwater was marked with chalk. The new renters @ 866 LST had someone come thru their gate & stole 2 bikes & then went into her freezer in the carport stole a pie & some Twinkies, chocolate, & icy pops, the police lost the bike tracks, but did find the empty icy pop plastic tubes. Sounds like kid's from the

estates. They followed the bike tracks into the estates. Welcome; we have new owners @ 104 LST James & Roxana Burkes. Yard of the Month went to Karen McCarthy @ 102 Pine Rd. Activities & Events; Hilliard's Thanksgiving dinner November 24th @ 12 P.M. Covered dish. Front Entrance; some little cowards threw eggs at the bricks Al got them cleaned off. We wish people would quit throwing their trash out around the entrance. Yard Sale; November 5th @ 8A.M. To 2 P.M. Governing Documents; Nothing.

We send condolences to the Andrews on the loss of David's mother, also the Gambles on the passing of Elle a long time resident of GLS. On the point of the chickens, by-laws say nope. Sorry. It seems our new AC decided to burn out a motor the day of the primary election, I can tell you it was one hot day in there. It's been fixed now. Bob has called the fish commission on the spraying of the lakes, the spider dots are returning. Animal control has been notified about the stray dogs running lose. To the secret Member who likes to stirrup controversies with false and misleading information you have been invited to attend a Board meeting to get your stories straight. Think the invite has been offered before, with no results from Secret. I promise we won't shoot yam. Well I won't anyway, can't speak for the rest. :-)..

Seems I'm getting to the end of the paper so I'd like to wish all a Happy Halloween and may you only get treats and no tricks. Don't forget the work day November 12th @ 9 A.M. at the garage. Also Hilliard's Thanksgiving dinner on the 24th @ noon, bring a covered dish. OK, that's it for this month ya'll stay safe & I'll see ya next month good Lord willing.

SCOOP OUT!!!!
